

ACI Members – join us for this industry wide event!

ACI is a longtime supporter of this day-long industry event that brings together hundreds of decision makers for one of the largest local construction conferences in the Midwest. The 2017 breakout sessions include:

Industry Insights: Key Trends for Construction

The Conference opens with highlights from Dodge Data & Analytics' highly-regarded SmartMarket Reports. A look at technology, sustainability, risk and safety; plus strategic studies on integrated project delivery methods, lean construction, managing uncertainty and performance expectations. These studies help you stay connected with the trends impacting the AEC industry.

Presenter: Stephen Jones (Dodge Data & Analytics)

Faster, Better, Cheaper...and more Sustainable

There's a paradigm shift in the MEP engineering world – AEA Integration. Learn how this new technology fully automates the design of all MEP systems and optimizes the design for minimum construction cost and maximum value. The principal designer of the software will walk you through a live demonstration, showing how more accurate drawings leads to better designs, fewer problems, and fewer delays.

Presenters: Layne Micek & Greg Schnackel (Schnackel Engineers)

Pay to Play: The FBI's Role in Public Corruption Investigations

A pay to play culture of corruption in the public procurement process beset the City of Detroit, impacting many in construction. The FBI's public corruption squad in Columbus will discuss their role in investigating and fighting corruption, and how the industry can aid in their efforts.

Presenter: Supervisory Special Agent Jeff Williams (Federal Bureau of Investigation)

Ohio Construction Conference Wednesday, March 15 7 a.m. - 4 p.m.

Reception to follow from 4 - 5 p.m.
Ohio Union ▪ 1739 N. High St.

\$260 per person for full-day registration
\$165 per person for half-day registration
Save with 3 full-day registrations for \$555!

For more information, contact Deb Murphy

A Chance to Meet Local Owners

The day will conclude with roundtable discussions lead by construction owners and design professionals with their perspective on the future of the industry.

The Conference will offer the following continuing education credits:

- learning units from the **American Institute of Architects**
- continuing education hours from the **Green Building Certification Institute**
- professional development hours for **licensed engineers in Ohio**
- continuing education units from the **Ohio Construction Industry Licensing Board**

Visit www.bx.org for more details and online registration.

This Ohio Construction Conference is made possible through the generous support of our corporate sponsors.
