**Cincinnati Canstruction®** combines the fun of a design/build competition with an ingenious way to help feed hungry people. Local prominent architectural, engineering, planning, design and construction firms, and students mentored by these professionals, create phenomenal structures built entirely out of canned food. Judging occurs in categories such as Best Use of Labels, Structural Ingenuity, Best Meal, Most Cans and Best Original Design. Awards are presented at an annual fundraising gala. The public is also invited to cast their vote for their favorite in our People's Choice Award on Facebook. At the close of the exhibition all of the food used in these structures is donated to the Freestore Foodbank, for distribution to shelters, soup kitchens and other emergency feeding programs.

Canstruction® sculptures are available for viewing at the **Weston Art Gallery** (corner of Seventh & Walnut Streets), the front lobby of the **Aronoff Center for the Arts** (650 Walnut Street), the **Scripps Center** (312 Walnut Street), the **Public Library of Cincinnati and Hamilton County** (800 Vine Street), **Macy's Fountain Place** (505 Vine Street), **PNC Center** (201 East Fifth Street), the **former Business Courier location** (701 Race Street), **Carew Tower** (441 Vine Street) and the **Hyatt Regency Cincinnati** (151 West Fifth Street).
