

Sustainable Health Insurance Solution

New platform providing affordable healthcare benefits.

Introducing a new program providing level-funded/partially self-funded solutions to association members through the CIGNA national PPO network. Built specifically for associations, this platform offers turnkey healthcare solutions with the opportunity to realize continued savings over time.

Affordability

The self-insurance strategy minimizes carrier profits by eliminating some of the taxes and fees levied on traditional fully-insured health plans.

Compliance

The platform provides compliance solutions to meet the unique and specific needs of associations.

Administration

The technology-driven platform includes a web-based administration portal, making on-boarding and administering plans quick and easy.

Strategy

The actuarial and underwriting models provide sustainable plan savings.
